Pour the high-quality engine oil, feed with minimum 95 RON gasoline, follow the maintenance schedule precisely and the engine will last for about 150-200k miles (250,000-300,000 km). The engine longevity doesn't drop down after Stage 1 (ECU remapping) and even after Stage 2 (downpipe, more productive turbocharger, and ECU remap) depends on how much power you will get. But of course, Stage 3 ...

So you don't run the risk of installing parts that don't fit your 1.8T engine. Of course, you also need the engine code when you want to install a replacement engine. As you can see from our table, the code is not necessarily dependent on the brand. Many VW and Audi models, for instance, have the same engine. Where do you find the engine code?
